

A Plan to Keep You Living Well
Wherever You Call Home

Abilis Health Community Plan

Because Life's Best Moments Begin With Good Health

YOU HAVE CHOICES IN YOUR HEALTH CARE

Abilis Health Community Plan (HMO IE-SNP) **covers everything that Original Medicare covers plus provides supplemental benefits** that are tailored to the unique needs of our members.

Our plan provides a dedicated Nurse practitioner to deliver personalized care coordination in partnership with your Primary Care Physician and Community teams. Our Nurse practitioners get to know you, your family, and work to understand your care needs. With this, our Nurse practitioner can provide each member individualized and compassionate care necessary to achieve your health goals.

WHAT IS ABILIS HEALTH COMMUNITY PLAN?

Abilis Health Community Plan (HMO IE-SNP) offers a unique approach to provide streamlined care and services to its members. Our model of care involves comprehensive, coordinated care that is designed specifically for members residing in a skilled nursing facility. Abilis Health Community Plan specializes in providing care, from routine and preventive services to complex management of acute and chronic conditions, with support during recovery after illness or hospitalization.

Abilis Health Community Plan provides on-site and remote support to ensure you receive the care you need, when you need it.

WHY JOIN ABILIS HEALTH COMMUNITY PLAN?

The Difference is Our Model of Care Designed around you, to keep you healthier. Our care model connects community residents with doctors, specialists, and support services, so care is proactive, coordinated and personalized.

Member Education That Empowers — Care That Delivers With us, you don't just receive care — you gain knowledge. Our member benefits provide easy-to-understand education to help you feel confident and informed every step of the way. You'll know exactly what care you're getting and how it supports your health goals. Plus, we offer specialized benefits designed especially for community residents, ensuring care that's not only comprehensive but delivered when you need it most.

Additionally with Abilis, you receive:

- Medication Management
- Advanced Care Planning
- Chronic Disease Management

MORE THAN MEDICARE, CARE FOCUSED ON YOU

With Abilis, you get benefits that go beyond what Original Medicare offers:

Thorough Health Risk Evaluation & Personalized Care Plan Our evaluation tool is designed to deliver an overall health risk level and a personalized care plan for each member.

Seamless Care Coordination To Achieve Your Health Goals Our plan partners with your Primary Care Physician, Community teams, and other specialists needed to meet your healthcare goals.

Complete Review of Your Medications Our Nurse Practitioner will analyze safety and effectiveness of current medications.

Education To Guide Future Treatment Decisions Confidently Education for you, your family, and care team.

WELLNESS CARE THAT PUTS YOU FIRST

With Abilis Health Community Plan, **every member partners with a dedicated Nurse Practitioner** focused on proactive wellness.

Your membership begins with a complete **Health Risk Evaluation**, helping us understand your healthcare needs.

From there, a **personalized care plan is developed** in coordination with your Primary Care Physician and other clinical teams.

The Results

- Empowered health decisions through meaningful education
- Comprehensive clinical services designed around you
- Fewer hospitalizations with proactive, preventive care

HEALTH RISK EVALUATION TOOL

Abilis Health Community Plan uses a specialized tool to assess each member's health needs and create a personalized care plan. Medical Directors and Nurse Practitioners, trained in geriatric care, provide in-depth evaluations covering medical history, medications, and personal goals. Helping support better outcomes and fewer hospital stays for members that reside in a Community Residence.

ADVANCE CARE PLANNING

Care is coordinated by the member's Primary Care Physician and an Abilis Health Nurse Practitioner. As part of our Model of Care, the Nurse Practitioner meets regularly with the member and family for advance care planning, ensuring care aligns with the member's wishes.

MEDICATION THERAPY MANAGEMENT

Because many long-term care members take multiple medications, Abilis Health Community Plan conducts regular reviews to ensure prescriptions are safe, appropriate, and effective. Any changes are made gradually with the care team to support the best health outcomes.

ICT PARTNERSHIP MEETINGS

Each quarter, the member's Interdisciplinary Care Team reviews care goals, recent health events, and hospitalizations to ensure care is coordinated and aligned with the member's needs and preferences. ICT includes physicians, nurses, specialists, member and their family.

CARE COORDINATION

When a member has a sudden change in condition, Abilis Health Community Plan's Nurse Practitioner follows up within 24–48 hours and provides daily or as-needed monitoring to support a timely recovery.

COMMUNICATION & EDUCATION

Abilis Health Community Plan's Model of Care fosters ongoing communication with the care team, the member, and their family — encouraging questions and active participation in the member's care.

This plan covers your Medicare benefits and offers unique services, including but not limited to:
